Try the Money-Back Cure for Indigestion.

Nine times in ten stomach derangements are responsible for sallow complexion, dull eyes and thin body.

It is the stomach that supplies nourishing blood to the muscles, the nerves and skin. If the stomach is healthy, plenty of nutritious matter will be absorbed by the blood. If it is not healthy, the food will ferment, and undigested, will pass along through the bowels, furnishing so little nutritious matter that the blood becomes impoverished, and the glow of health vanishes.

If you suffer from nervousness, sick headache, belching of gas, sour taste in the mouth, heaviness after eating, or any other miserable stomach disturbance, you need Mi-o-na and the sooner you get it the quicker you will be healthier and happier.

It will relieve any distressed stomach condition almost immediately. It will cure if used according to directions. The palace Drug Store sells it at 50c a large box, and thinks enough of it to guarantee it to cure indigestion.

If you desire a clear complexion take Foley's Orio Laxative for constipation and liver trouble, as it will stimulate these organs and thoroughly cleanse your system, which is what everyone needs in the spring in order to feel well. For sale by the Palace Drug Co.

The Weather

For the Last Few Days Could Hardly Be Classed as Summer Weather, But By Referring to the Calendar You Will Note That Summer Is Not Far Distant.

With the arrival of summer weather comes the necessity of the use of Refrigerators. None but the best is good enough for the American Home.

We handle the "Alaska." The ice man don't like them because they use less ice than any other make. For this reason, if no other, the "Alaska" should be in every home; but there are other reasons: perfect refrigeration, perfect circulation of cold, dry air, and perfect sanitation. No moisture from the melting ice outside of ice chamber. They are lined throughout with white enamel, making them easy to clean. In short, they are the only perfect Refrigerator. Come in and let us "show you."

Paying for Experience

A severe "belly ache" is the price paid for the fun of eating green apples. Mamma told them not to do it, but it took actual experience to convince them.

We say the same thing about green lumber. It may look right, but after it is in the job a while, it will warp out of shape, and a bunch of trouble is what the experience will cost you. If you want to be sure of getting good, thoroughly seasoned lumber, don't take any chances, but come to us for it. It will cost you no more than the other kind will elsewhere.
